

DEAR PARENT/GUARDIAN,

Your child has been enrolled in Think Through Math, the Texas SUCCESS Math provider. Texas SUCCESS provides state-funded access to interactive math and reading programs for Texas public school students in grades 3–8.

Parents of Texas students now have the opportunity to view their child's progress through their own Think Through Math parent account. Follow these steps to sign up for a Think Through Math parent account.

- Visit www.texassuccess.org.
- Click the **Sign Up** link under the Math heading at the top of the page.
- Select the parent option and enter the requested information.
- You will receive an email explaining the steps for activating your account. Be sure to check your junk mail if it does not appear in your inbox.

Once you finalize and log in to your account, you will be asked to add your student using their username and password. Please refer to the password start card accompanying this letter.

ABOUT THINK THROUGH MATH

Think Through Math personalizes student learning with unprecedented levels of differentiation, explicit instruction, meaningful practice, motivational tools, and after school access to LIVE, state-certified teachers (including Spanish-speaking teachers).

Think Through Math is web-based so your child can access the program from any computer that is connected to the Internet, whether at school, home, or the library. The program is proven to increase math proficiency when implemented 2 to 3 times per week or about 90 minutes per week.

RECOMMENDATIONS

1. Encourage participation. The more time your child engages with the program, the more they will experience success and the more they will learn.
2. Encourage thoughtfulness. The program provides constant support and immediate feedback, especially in places where students tend to struggle.
3. For questions about Texas SUCCESS, please visit www.texassuccess.org, email help@texassuccess.org or call toll-free 877-315-4918.
